FINAL NOTE BY THE MINISTER FOR FINANCE AND REVENUE.

Subject:— The Mysore Coffee Market Expansion (Emergency) (Second Amendment) Act, 1941.

The Mysore Coffee Market Expansion Emergency Act, 1940, which received the gracious assent of His Highness the Maharaja on the 20th day of December 1940, was continued for a further period of six months by the Mysore Coffee Market Expansion (Emergency Continuance) Act, 1941, and will expire in December 1941. A Bill to replace this measure has been prepared and its general principles were approved by the Representative Assembly when they were placed before that House early this month.

The British Indian Ordinance of 1940, to supplement which, the Mysore Emergency Act was passed, was due to expire in August 1941. By Ordinance VIII of 1941, promulgated on the 28th of August 1941, the original ordinance has been extended up to the 30th of June 1942. In addition to extending the original Ordinance certain amendments have also been made to it. One of the principal amendments is that every estate having an area of not less than ten acres should henceforward get registered under the provisions of the Ordinance. It is considered desirable that estates having an area of not less than ten acres should also be required to be registered hereafter under our Emergency Act, in order to secure uniformity in the administration of the scheme. As the Bill which is proposed to be placed before the Legislative Council cannot become law till December, it is considered necessary to amend the existing Emergency Act by another emergency measure. A draft Bill has been prepared for this purpose.

The Dewan and the other Ministers are agreeable to

to these proposals. I now solicit the gracious sanction of His Highness to promulgate the Bill.

Dear Mr.Da Costa,

Coffee Control.

Just a line to ask you to remind the Dewan that as discussed with him yesterday it is desirable to bring the coffee of estates of between 10 and 25 acres of this season under Control

(a) By an emergent amendment to the existing emergency legislation; and

(b) By (if deemed fit) not repeating the provision of Law giving ~~unanimity to~~ immunity to forward contracts of these estates.

The British Legislation does give the estates forward contracts of newly coming under Control ~~this legislation,~~ a measure of immunity but fortunately it was passed in August when it was too early in the year for forward contracts and only about 5 were reported to me.

Submitted for perusal
Necessary action has already been taken. Sore 18/10/41.

MONTHLY REPORT ON THE WORKING OF THE COFFEE CONTROL SCHEME

Continuance of Coffee Control - The Coffee Market Expansion Ordinance, No.XIII of 1940, which expired on the 31st August 1941, has been extended up to the 30th day of June 1942 by the Central Government by an Amending Ordinance issued on the 28th August 1941 to take effect immediately. A copy of the Amending Ordinance is reproduced elsewhere in the Bulletin. The principal changes in the Amending Ordinance are:-

firstly, the downward extension of Control to include estates from 10 to 24 acres;

secondly, a provision against sale or storage by unregistered estates of coffee not grown by them;

thirdly, a provision enabling the inspection by the Board of estates below 10 acres; and

fourthly, the exemption from Control of contracts for sale of coffee entered into prior to the 28th August 1941 by estates newly coming under control, provided the particulars of the sale are notified to the Board before the expiration of twenty-one days from the commencement (i.e. the 28th August 1941) of the Coffee Market Expansion (Second Amendment) Ordinance, 1941.

Coffee Conference - Information has been received that the Central Government propose to convene a Coffee Conference at Bangalore on the 24th September 1941 of representatives of the various interests in the Coffee Industry, under the presidentship of the Hon'ble the

Commerce Member to the Government of India, to discuss the future of Coffee Control.

Vth Interim Dividend - The first four interim dividends on deliveries during the month of July 1941 are in the course of payment. A fifth dividend on all deliveries from January to July at Rs.4/-, Rs.3/8/- and Rs.3/- per cwt. for Plantation, Cherry and Robusta is expected to be paid during the fortnight. Meanwhile points are being worked out and it may be possible to render all estates a statement on the point by the end of the month.

Mettupalayam and Yercaud - The Surplus Pool Stores at these places having served their purpose for this season, are being closed to be re-opened early next season.

Pattiveeranpatti and Virudhunagar - An Assistant Controller has been appointed with headquarters at Pattiveeranpatti, to be in charge of the Travancore, Tinnevelly and Madura coffee areas. Any enquiries regarding Control will be gladly answered by him.

Internal market - The market continued to be steady during the month. A Surplus Pool Coffee Auction was held at Coimbatore on the 20th and 21st of August. Prices at the auction ranged from Rs.50 to Rs.52/- per cwt. for Plantation Assortment, Rs.43/- to Rs.44/- for Cherry Assortment and Rs.36/- to Rs.37/- for Robusta. It is proposed to hold similar auctions at Chikmagalur on the 11th of September, Coimbatore on the 25th of September, and at Hunsur and Mysore on the 7th of October.

Export Markets - The proposed consignment of 150 tons of coffee to U. S. A. has been railed to Cochin and is expected to be shipped any day. Australian enquiries continue to be met at slightly better but still unsatisfactory prices. The Gulf market is responding in a fair measure to the present higher price levels.

THE INTER-AMERICAN COFFEE AGREEMENT

That the Inter-American Coffee Agreement signed at Washington on November 28, 1940, by representatives of 15 American republics, including the United States, "will be administered with a view to maintaining a balance between prices satisfactory to producers on the one hand, and, on the other, prices to United States consumers sufficiently low to ensure a large coffee consumption" is the hope expressed by Mr. J. Barnard Gibbs, Senior Agricultural Economist, Office of Foreign Agricultural Relations, U.S.A. in an article entitled "The Inter-American Coffee Agreement" published in the American Foreign Agriculture of April 1941. (Dr. W. Burns kindly sent us a copy of this Journal for our information - Ed.)

Writing further on the subject, Mr. Gibbs states that "the working together of all of the countries in the agreement may also facilitate the establishment of marketing control schemes that will be effective in adjusting supplies to market outlets. Past attempts in this direction have been unsatisfactory because of lack of coordinative action between the individual countries."

If Brazil were Mysore and Colombia, Coorg, and the rest of the American coffee producing countries were respectively the remaining coffee producing districts of India, the efforts made by America as a whole, to solve the problem of adjusting supplies to market outlets are analogous to those already accomplished by India to adjust supplies for the internal market by imposing, under the Coffee Control Scheme, an internal sale quota. It is, therefore, a matter for gratification that coordinative action between the individual coffee growing districts of India, the lack of which is bemoaned in America, has been forthcoming and Coffee Control is an accomplished fact in India.

Like Coffee Control in India, the Inter-American Coffee Agreement is an outcome of the present war. "With the beginning of the European blockade, the fourteen Latin American countries participating in the agreement were deprived of markets representing over 35 per cent of their export trade in coffee. This action resulted in stock accumulations and reduced prices, which through the summer of 1940 were among the lowest on record. Coffee planters were faced with bankruptcy and the Latin American producing countries, losing export trade in other commodities also, were experiencing a loss of foreign xchange, which is vital in maintaining the value of their currencies nd in enabling imports of essential commodities not produced within eir borders."

The agreement provides for the establishment of three basic quotas: (1) a United States quota of Latin American coffee of 2,056 million pounds; (2) a United States quota of coffee from sources other than Latin America of 47 million pounds; and (3) a quota of 1,536 million pounds of Latin American coffee for shipment to points other than the United States. An Inter-American Coffee Board at Washington composed of delegates from the Governments of the participating countries administers the agreement. "The Latin American producers have welcomed the agreement, since they believe it will ensure a favourable market in the United States for over 55 percent of their exports and will provide for an orderly handling of the remaining 45 percent."

The agreement is terminable on October 1, 1943, unless extended beyond this date or terminated earlier, by unanimous agreement among the participating countries.

PROPAGANDA IN INDIA

For the last few months, we have not been able to devote much space in the Bulletin, as we used to do in the past, to detailed accounts of coffee propaganda work in progress in India. Needless to add that this was largely due to the pressure for space caused by the more urgent need to give, as quickly as possible, publicity for matters relating to control.

This, however, did not mean any slackness in pushing forward with the propaganda activities of the Board as vigorously as had been justified by the state of the Board's funds from time to time.

This year the Board was exceptionally fortunate in getting suitable premises in a central locality in Simla for its Coffee House. From the very start this Coffee House has been exceedingly popular. The Hon'ble Sir A. Ramaswamy Mudaliar paid two visits to this Coffee House and on the second occasion he brought along with him the Hon'ble Sir H. P. Modi. After tasting the coffee in the Coffee House, the Hon'ble Sir H.P. Modi recorded his impressions in the Visitors' Book as follows:-

"Very good coffee and a well-conducted Coffee House.
[illegible] credit to those who run it."

Also the Board was able to start coffee propaganda work at two new centres in Kerala, namely, Palghat and Trichur, besides opening an India Coffee House at Ernakulam in place of India Coffee Stall. Recent activities of the Board have been concentrated on (1) the opening of an India Coffee Stall at Tinnevelly, (2) the reopening of India Coffee House on Abid Road at Hyderabad, and (3) the opening of a Coffee House in Calcutta.
